

16. Also since Abraham, (and) other patriarchs (were) holy, then their descendants (will) also (be) holy why? Because (a) group part offered itself (is) holy.

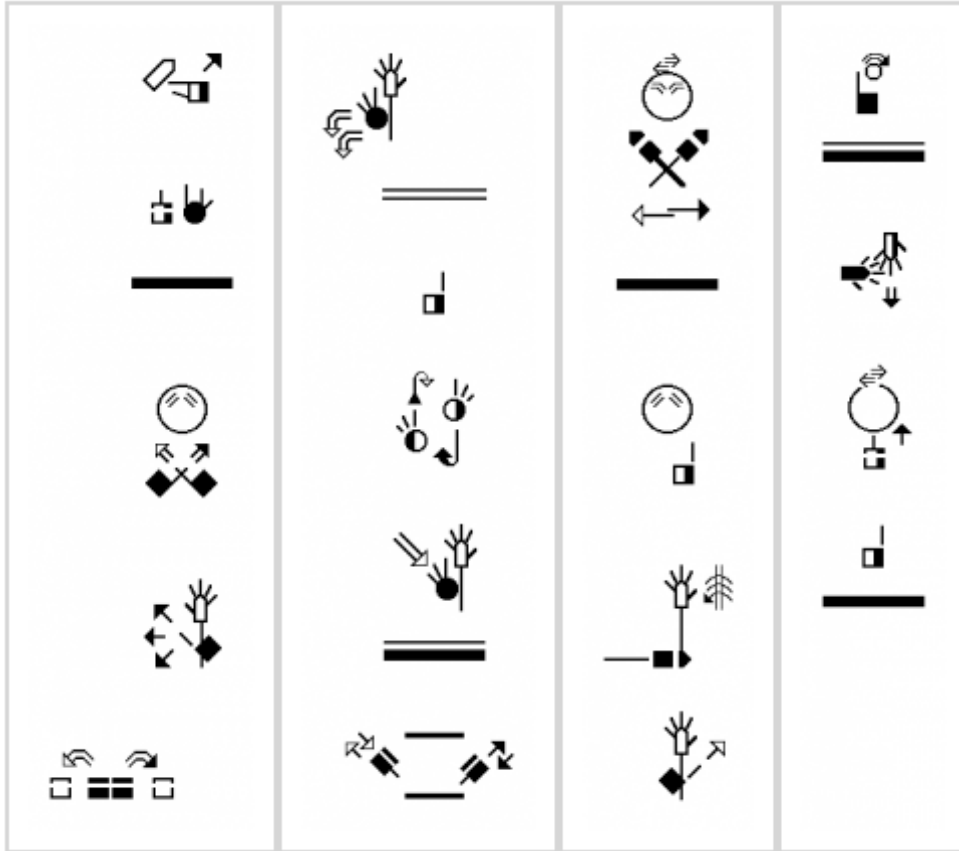

(The) reason if (the) tree roots (are) holy, then (the) branches (will be) also holy.

17. But Abraham's tree part (of the) branches, some Israelite people, they were broken off. Those people not Jewish, perviously; they (were a) tree (of) wild olive branches. Now they (are) attached grafted in (finished).

So now, God His blessing (that) He has promised (to) Abraham (and) also his children, you also receive. God His special olive tree roots, rich support you share.

18. But (the) branches broken off, you (have) replaced (grafted on). Boast not. You (are) a tree grafted only, Root (is) not you.
